REQUEST FOR RE-KEYED (REPRINTED) PATENT WITH CORRECT

TITLE PAGE UNDER 37 CFR 1.322(b)

Sir:

In reviewing the above-identified patent, a printing error was discovered therein requiring correction in order to conform the Official Record in the application.

The error noted is set forth on the attached copy of form PTO/SB/44 in the manner required by the Commissioner's Notice.

Specifically, the §371 date under (86) PCT No., should read --January 28, 2005--.

The change requested herein occurred as a result of printing the Letters Patent and the Certificate should be issued without expense under Rule 322 of the Rules of Practice. We therefore, request that the Director issue a re-keyed (reprinted) patent, that is, a patent with a reprinted title page, is more appropriate than the certificate of correction alone.

Please charge any shortage in fees due in connection with the filing of this paper to Deposit
Account 502203 and please credit any excess fees to such deposit account.

Respectfully submitted,
